PANGRANA-Battle of Shiloh. THE WHITE HOUSE CRUSH. The Diplomatic reception, the first on

the list of divertisements at the White House, occurred last night and there was a crowd in attendance beyond comfort, beyond reason, beyond the most comprehensive scope of our most Democratic ideas It was a handsome, well dressed mob, pushing and squeezing, and sweating and swearing, and waiting and walling, and twisting and turning, and so forth, and so forth, for two or three hours. Everybody was there, apparently; and a great many were there by sufferance and not by invitation. On that the line should be drawn. The President and Mrs. Cleveland are generous in the matter of receptions, and these are so divided that no one who has a right to come will be neglected. They are given systematically so that all may come and so that all may enjoy themselves. The courtesy as extended is abused, and instead of a company, there is a surging, ruffled-tempered throng, with nobody to blame for it but those who extend their invitations to include all who ask them for the favor of joining their party. In addition to these are many who come on the general principle that this is a free country and everything in Washington is wide open. The conclusion is wrong. Every official in Washington is entitled to some privacy, and the house he occupies is his own when he wills it so. The White House is general headquarters for everybody, but even it has some rights which should be respected. In self-defense the occupants of it now and hereafter will be compelled to issue tickets of invitation which must be shown at the door to secure admission. It should be so now, it should have been so from the beginning. A very little exercise of authority in social matters goes a long way, and unreserve after dinner, Professor Geffcken dea few decided rebuffs, put in where they livered an extravagant diatribe, declaring that will do the most good, would establish a precedent as permanent as its results would be enjoyable. If something isn't with the system of esplonage practiced by Gerdone pretty soon the White House receptions will have to be held out in the White Lot.

THE CRITIC to-morrow will contain a list of real property in the District of Columbia subject to taxation upon which taxes are levied and in arrears on the first day of July, 1888, and which will office of the Collector of Taxes, commencing on the 22d day of January,

THE New York Sun intimates that the next Pope of Rome may be an American. In view of the fact that Editor Dana very recently had an interview with Pope Leo, it is possible he got in on the ground floor of the facts and is speaking ex cathedra.

THE House Committee on Immigration did a wise thing yesterday when it decided to impose a \$5 tax upon all immigrants, and to exclude all aliens except tourists, ministers, etc., excepting when they declare an intention to become citizens. This measure enacted and strictly followed out would effectually cure the thousand ills now cleaving to the body politic, and relegate slave bosses, immigrant sharks, and brevet Americans to merited oblivion.

THE CINCINNATE Enquirer and Mr. T. C. Platt are now having a tussle over the Bateman interview, which set Mr. Platt forth in a very undesirable light. Mr. Bateman disclaims three fourths of the interview, but Mr. Platt will not accept that sort of an apology, as the one-fourth reserved may be the milk in the cocoanut.

ILMA DI MURSKA, the once famous prima donna, died in Munich yesterday in extreme poverty, and the daughter, heart-broken by the death of her mother. took poison and died by her bedside. There is scarcely a sadder story in the history of the stage, of which so many chapters are written in tears, as the narrative of Di Murska's life and death.

EARLY MORNING NEWS.

English Press on Bismarck, The Pall Mall Gasette, commenting upon the Geffcken affair, says: "The animus of Prince Bismarck against Professor Geffcken is of long standing. Ten years ago, at a social meeting, in many, were reported to the 'reptile burean' at Berlin, and noted down in Bismarck's black book. The whole affair recalls the story of Haman and Mordecai. The German Haman seeks to gibbet his Mordecai by publishing the indictment, the only result being to justify Geffeken in the eyes of the world."

Afterward, Attorney be sold in conformity to law at the General Webster read correspondence between Matt Harris and Michael Davitt with reference to the land agitation. The only letter that attracted interest was one from Davitt to Harris, written in New York, in which Davitt O'Leary is here. He came from Paris to upset my Land League endeavors. He will go back a wiser though a saider man. He is supported by nobody, saving the few bosthoons following that blatant ass, Rossa. The Nationalists on this side are common sense men. tionalists on this side are common sense men. O'Leary failed to get up a crusade against the league in America. Rossa is now trying his hand. He will achieve more success upon your side than upon this. He is a cowardly, low rufhan, who has not the courage to resent an insuit I offered him in the Heraid. He has not sufficient courage to set fire to a British haystack. Do your utmost to keep the people within bounds."

strong special on protection in the South. He said:

"There are two Souths—one is the old South, the political South, the solid South, the exclusive agriculture, of theory and failure. The other is the new South, the business South, the South of diversified industry, of practical inchods, the South of progress. They were evolved from different conditions, at different periods and inspired by different sentiments, hopes and purposes. One lives in the memory of the past and is guided by its dead traditions; the other in the present and future, learning wisdom from expensive experience. Each was designed for a mission—to fill a place in the history of the country. For the good that was and is in both of them we love them, while not unmindful of their faults, their mistakes, perhaps their political sins."

California in the Cabinet A petition has just been forwarded to General Harrison from the Pacific slope signed by every Republican member of the Nevada Legislature, and by fifty-four out of fifty-five Republican members of the California Legislature, praying for the appointment of M. A \$10,000 Damage Suit. The case of Joseph E. Mullen vs. the Philaelphia, Wilmington & Baltimore Railroad Company, was taken up yesterday in the Circuit Court for Cecll County, Md. Mulien, who resides in Delaware County, Pa., asks \$10.000 damages for injuries sustained in September, 1886, at Kerlin-street crossing, Caester, Pa. Mr. Mullen had three ribs, shoulderblade, hip and collar-bone broken, the latter in two places. He was also ent in the head and unkle. The injuries, it is claimed, have impaired his memory. He was made lame, one leg being considerably shorter than the other. Arbitrators appointed under the Pennsylvania laws awarded damages in the other cases. The Ridenour Murder Case,

At Winchester, Va., yesterday, Mr. R. E. Byrd, Commonwealth's Attorney, closed the Ridenour murder case in a three hour's speech. Judge Clark sent the jury to their room, but did not permit the instructions which had been before decided upon to go to them. Colonel O'Ferrall for Governor. Colonel Charles T. O'Ferrall of Virginia is the favorite among Democrats for the guber-natorial nomination in that State. The Demorats of Virginia recognize that the fight next We give below a few scattered remarks | fail will be a hotly contested one, and they further recognize that the gubernatorial nominer must be an able, vigorous, aggressive and successful leader, with a strong and unassallable record. Without disparagement of the other gentlemen named in your special. Colonel O'Ferrall is one who possesses all these qualifications. His record as a soldier, a jurist and a statesman are part of the history of Vigorius. His is the prime of mantory of Virginia. He is in the prime of man-hood, a powerful debater, aggressive, untir-ing and always victorious.

His record in Congress for the past six years, together with his recent overwhelming victory of 3,000 majority over his Republican opponent and Northern boodle, have added to his already great popularity all over the State. The Morrell-Drexel Wedding.

Glynn was far superior as a boxer and in ring tactics, and had the best of the fight up to the eight round, when Dolan's heavy slugging and power of endurance told for him, and he punnneled Glynn severely, and, if he had a little more science, would have knocked Glynn out in the tenth round, when the articles called for the fight to close. In the fourth round Glynn did some great close-quarter fighting, and threw Dolan over the ropes in a wrestling bout.

STRONTIA

Mineral Spring Water.

This extraordinary water-remarkable as a great natural remedial agent and, at the same time, when carbonated, a most delightful and xhilarating beverage-was discovered in the Centennial Year 1876, on the farm of Mr. O. P. Macgill, in Baitimore County, situated on Green Spring avenue, about five miles north of Druid Hill Park, and one-quarter of a mile from Strontia Spring station, on the Green Spring Strontia Spring station, on the Green spring Branch of the Northern Central Ballway. The elevation is mearly seen hundred feel above tide. Strontia water, while possessing astonishing curative properties, is especially in its highly effervessent state, a delightful and refreshing beverage, promoting digestion, etc.

It will cure Gout and Rheumatism.

Is will relieve any disordered condition of the Liver, stomach and Barcels, Diarrhosa and Dysmiters.

It will restore the Tone of the Stomach and In It will restore the Tone of the Stomach and increase the appetite.

It will be found of great service in Scrofulous Affections and Weakness of the Lyngs.
In offering this water to the public, the Company desires to call attention to the standing of the citizens who testify to its worth, not knowing of another product which shows at kome higher testimonials of excellence.

MEDICAL CERTIFICATES. From the President of the Board of

Health for the State of Maryland. Towson, May 26, 1887.

O. P. Macchill, Esq. Dear Sir:—It gives me great pleasure to state that I was entirely releved or Muscular Rheumatism of six months' standing by the free use of your Strontia Water. I suffered much pain and inability to use my arms. I tried a number of remedies without effect. Noticing the excellent results in Dr. Chancollor's case, and having always a high opinion of the water, I used it, with the above result, and have had no return of the Rheumatism. Sincerely yours.

JACKSON PIPER, M. D.

From the Secretary of the Board of Health for the State of Maryland.

Health for the State of Maryland.

Baltimons, May 11, 1887.

Col. O. P. Macchi.

Dear Sir: Your Strontia Water has certainly done me a great deal of good. For saveral years I suffered painful attacks of Rhommatic Gont, for the cure of which I was induced to visit the principal springs and water cures of Europe, as well as many in this country, but without any positive reduct. I have received more benefit from drinking strontia Water than from all other sources, and I must repart it as a very valuable remedial agent. As a table water and food solvent it is unsurpassed, and especially valuable in many forms of Dyspepsia.

Very truly yours,
C. W. CHANCELLOR, M. D.
